

WORKSHEETS (LEMBAR KERJA)

Mata Kuliah	: Anatomi
Materi	: Anatomi Syaraf
NIM/Nama Mahasiswa	: 2110101064/ Maulidya Puteri

No	Keterangan	Pembahasan
1	Pembagian sistem syaraf : a) Susunan syaraf pusat (SSP) terdiri dari Otak dan Sumsum tulang belakang b) Susunan syaraf perifer / syaraf tepi terdiri dari Syaraf Kranial dan Syaraf Spinal	
	Sebutkan 2 jenis sel pembangun sistem persyarafan Sel syaraf/Neuron Sel pendukung/Neuroglia	Sel Schwann/pembungkus akson dari PNS
		
	Otak terdiri dari Cerebrum (otak besar), Brain Stem (batang otak), dan Cerebelum (otak kecil) 4 lobus pada cerebrum adalah Lobus Frontalis, Lobus Temporalis, Lobus Parietalis, Lobus Occipitalis	

No	Keterangan	Pembahasan
		 <p>The diagram illustrates the internal structure of the human brain. Key labeled parts include:</p> <ul style="list-style-type: none"> Serebum Lobus Frontalis Hipotalamus Lobus Temporalis Ponds Varolii Lobus Parietalis Talamus Lobus Occipitalis Diensefalon Serebelum Medula Oblongata
		 <p>This diagram shows a cross-section of the brain within the skull, illustrating the three meningeal layers:</p> <ul style="list-style-type: none"> Durameter Arachnoid Piamater Otak (Brain)
	Lobus otak	 <p>This diagram shows a lateral view of the human brain with the following lobes labeled:</p> <ul style="list-style-type: none"> Lobus Frontalis Lobus Parietalis Lobus Occipitalis Lobus Temporalis

No	Keterangan	Pembahasan
	 <p>The diagram illustrates the human nervous system. At the top is the brain, followed by the spinal cord descending through the neck and back. Branching off the spinal cord are several sets of nerves: 8 pairs from the cervical region (neck), 12 pairs from the thoracic region (upper back), 5 pairs from the lumbar region (lower back), 4 pairs from the sacral region (near the pelvis), and 1 pair from the coccygeal region (tailbone). These peripheral nerves connect to various parts of the body.</p> <ul style="list-style-type: none">Sistem saraf kepala (kranial)Saraf leher (8 pasang)Saraf punggung (12 pasang)Saraf pinggang (5 pasang)Saraf pinggul/ sakral (4 pasang)Saraf ekor (1 pasang) <p>Sistem saraf tulang belakang (spinal)</p>
