1	<p>Internal</p> <p>X. Infundibulum Y. Suspensory Ligament of ovary</p> <p>External</p>	<p>A. Ovarian artery and vein B. Ampulla C. Isthmus D. Perimetrium E. Fundus of uterus F. Body of uterus G. uterine tube H. Mesovarium I. Round ligament of uterus J. ovarian ligament K. uterine cavity L. Endometrium M. Internal os (internal osifice) N. Cervical canal O. Cervix P. vagina rugae Q. vagina R. Cervical os (external osifice) S. vagina artery T. Isthmus of uterus U. uterine artery V. Myometrium W. fimbriae</p>

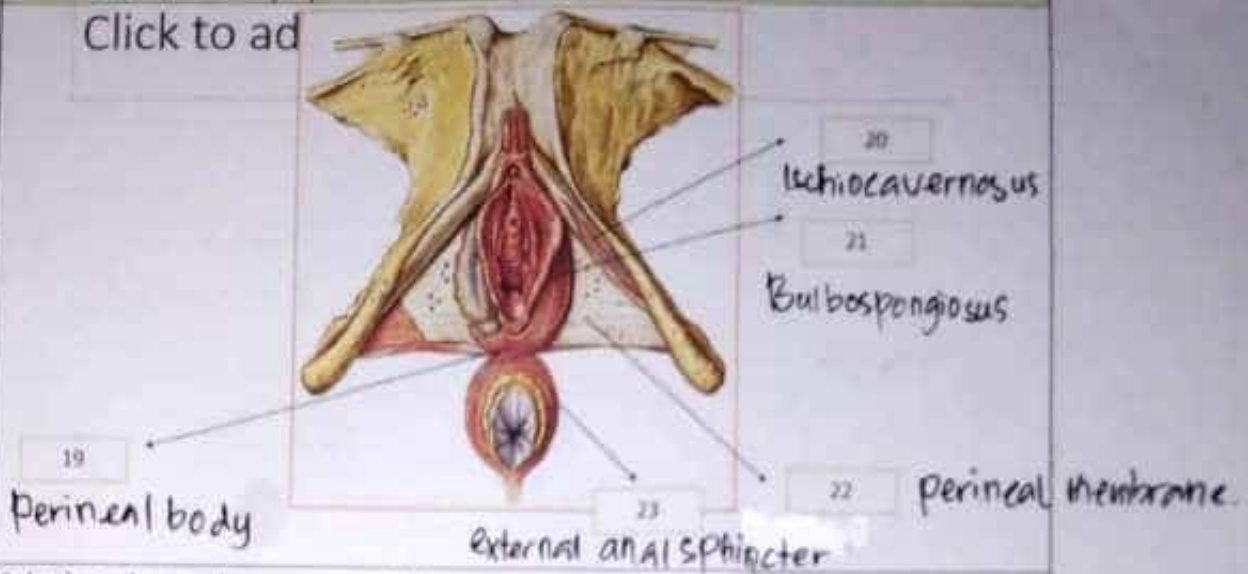

- A. Ovarian artery and vein  
B. Ampulla  
C. Isthmus  
D. Perimetrium  
E. Fundus of uterus  
F. Body of uterus  
G. uterine tube  
H. Mesovarium  
I. Round ligament of uterus  
J. ovarian ligament  
K. uterine cavity  
L. Endometrium  
M. Internal os (internal osifice)  
N. Cervical canal  
O. Cervix  
P. vagina rugae  
Q. vagina  
R. Cervical os (external osifice)  
S. vagina artery  
T. Isthmus of uterus  
U. uterine artery  
V. Myometrium  
W. fimbriae
